(a) scala lineare
urti $u + a$ da 0
urto $u - a$ da 1 (riflesso)
espansione $u - a$ da 3
salto d'area
(stazionario, x = 0)
0
1
2
3
4 = 5
p [atm]
u [m/s]
(b) scala logaritmica
salto d'area
(stazionario, x = 0)
10^1
10^0
p [atm]
u [m/s]
